

# We Knew

music by Andrew Levin  
words by Ginger Pyron

Soon to - day's dance will end; a fine dance it's been, En -  
Years down the way, we'll look back and say, How

chant - ing as a - ny we've known, With this mu - sic we  
swift - ly such mo - ments passed by. As we danced through each

hear, and these peop - le so dear— May this mem' - ry we've made re -  
round, did we know what we'd found, What a pre - cious and un - re -

main fresh and clear As a - long our life's jour - ney we go.  
peat - a - ble boun - ty we'd some - day re - call with a sigh.

Here in this room, and here, to this tune, Now like all mo - ments end - ing too

soon, This here - and - now will al - ways be true. So let's hold this, my

friends, for it won't come a - gain; Let's for - e - ver re - mem - ber: We knew.
